Art Unit: 3753

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim 31 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no proper antecedent basis for "each conductive element" recited in claim 31. Claim 22 recites "thermally conductive members".

Claims 1, 2, 5-8, 14, 16, 17, 20-22, 24, 25, 27, 29, and 38-42 are rejected under 35 U.S.C. 102(b) as being anticipated by Richter.

The above claims as amended are now comparable in scope to claims previously rejected over Richter; as pointed out previously, this reference shows a flexible heat transmitting member for conveying heat from a rotating shaft assembly to or from a fixed member.

Claims 3, 4, and 23 are rejected under 35 U.S.C. 103(a) as being unpatentable over Richter.

Please see the comments made in regard to the rejection of claims 50 and 51 in the previous Office action.

Applicant's arguments with respect to claims 1-8, 14, 16, 17, 20-24, 25, 27, 29, and 38-42 have been considered but are moot in view of the new ground(s) of rejection.

Claims 9-13, 15, 18, 19, 26, 28, 30, and 31 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in

Art Unit: 3753

independent form including all of the limitations of the base claim and any intervening claims.

Claims 33-37, 48-56, 58-67, and 69-76 are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
